Dr. Joshua Lederberg  
Stanford Medical School  
Stanford University  
Palo Alto, California

Dear Dr. Lederberg:

Thank you so much for meeting with me on the interesting subject of serum hepatitis. I sense that there may be opportunities for useful federal legislative action here, and I need your expert assistance.

I will appreciate receiving from you bibliography and references on this subject together with current articles as they may come to your attention.

Thank you for your help.

Sincerely yours,

  
Victor V. Veysey  
Member of Congress
